

Sanchez, Jamaica Ann B.

BSIT-3A

1. Registration validation rules:

A screenshot of a web browser window displaying a registration and login interface. The browser's address bar shows the URL `127.0.0.1:5500/Act5_Sanchez.html`. The interface consists of two main white boxes on a dark gray background. The left box is titled "Registration" and contains four input fields: "Username:", "Email:", "Password:", and "Confirm Password:". Below these fields is a teal "Register" button. The right box is titled "Login" and contains two input fields: "Email:" and "Password:". Below these fields is a teal "Login" button. The browser's taskbar at the bottom shows various application icons.

Username: between 3 and 15 characters, must be unique

A screenshot of the same web browser window, but now showing a validation error. A dark gray modal dialog box is centered on the screen, displaying the message: "127.0.0.1:5500 says Username must be between 3 and 15 characters." with an "OK" button. In the background, the registration form is visible. The "Username:" field now contains the letter "s", the "Email:" field contains "jam@gmail.com", and both the "Password:" and "Confirm Password:" fields are filled with six asterisks. The "Register" button remains visible at the bottom of the registration box.

b. email: a valid email address, must be unique.

The screenshot shows a web browser window with two tabs: 'L1-3P1-2.pdf' and 'Validating a Registration and Login'. The address bar shows '127.0.0.1:5500/Act5_Sanchez.html'. The page displays two forms: 'Registration' and 'Login'. The 'Registration' form has fields for 'Username:', 'Email:', 'Password:', and 'Confirm Password:'. The 'Email' field contains 'j@' and has a validation error message: 'Please enter a part following '@'. 'j@' is incomplete.' The 'Password' and 'Confirm Password' fields are masked with asterisks. The 'Login' form has fields for 'Email:' and 'Password:', and a 'Login' button. The 'Register' button is at the bottom of the 'Registration' form.

c. password: 8 and 20 characters long.

The screenshot shows the same web browser window as before. The 'Registration' form now has 'jam@gmail.com' in the 'Email' field. The 'Password' and 'Confirm Password' fields are masked with asterisks. A modal message box is displayed at the top center, stating: '127.0.0.1:5500 says Password must be between 8 and 20 characters.' with an 'OK' button. The 'Login' form remains unchanged.

d. confirm password: must match the password field.

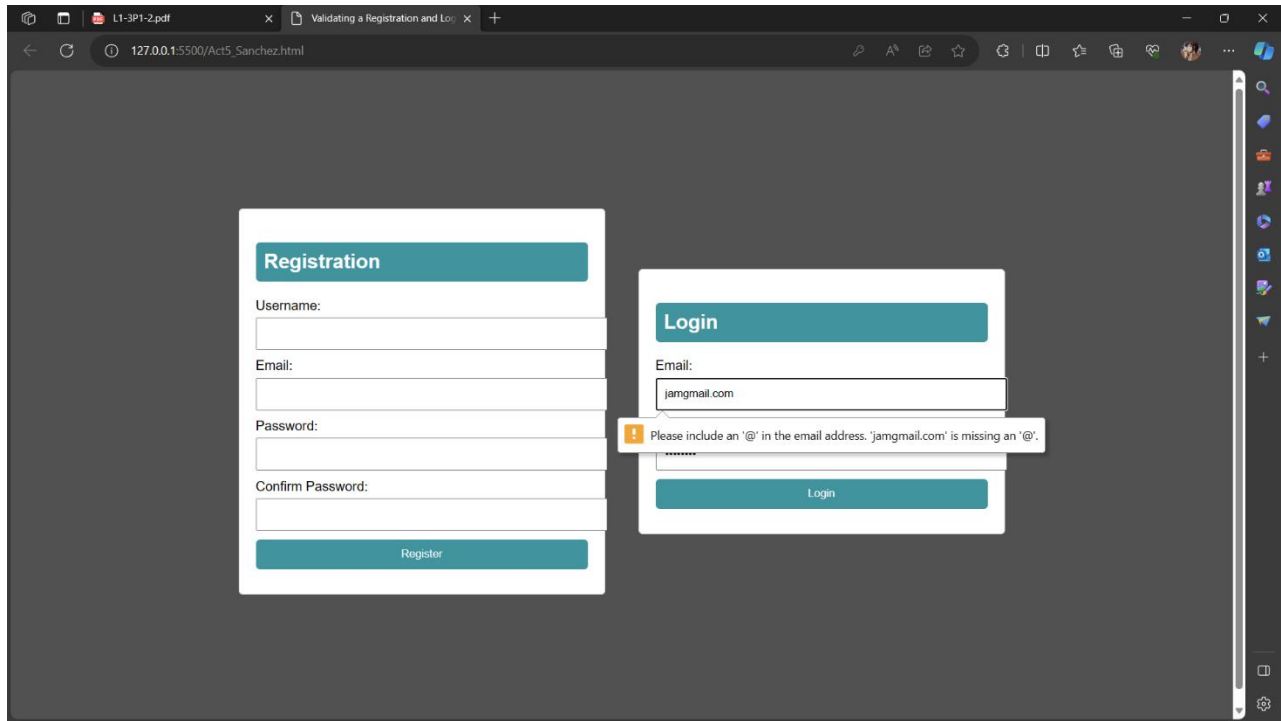

The screenshot shows a web browser window with two tabs: 'L1-3P1-2.pdf' and 'Validating a Registration and Login'. The address bar shows '127.0.0.1:5500/Act5_Sanchez.html'. A modal dialog box at the top center displays the message '127.0.0.1:5500 says Passwords do not match.' with an 'OK' button. Below the dialog, there are two forms: 'Registration' and 'Login'. The 'Registration' form has fields for 'Username:' (filled with 'swtlkjam'), 'Email:' (filled with 'jam@gmail.com'), 'Password:' (filled with '*****'), and 'Confirm Password:' (filled with '***'). A 'Register' button is at the bottom of the form. The 'Login' form has fields for 'Email:' and 'Password:', both empty, and a 'Login' button at the bottom.

Registration Successful!

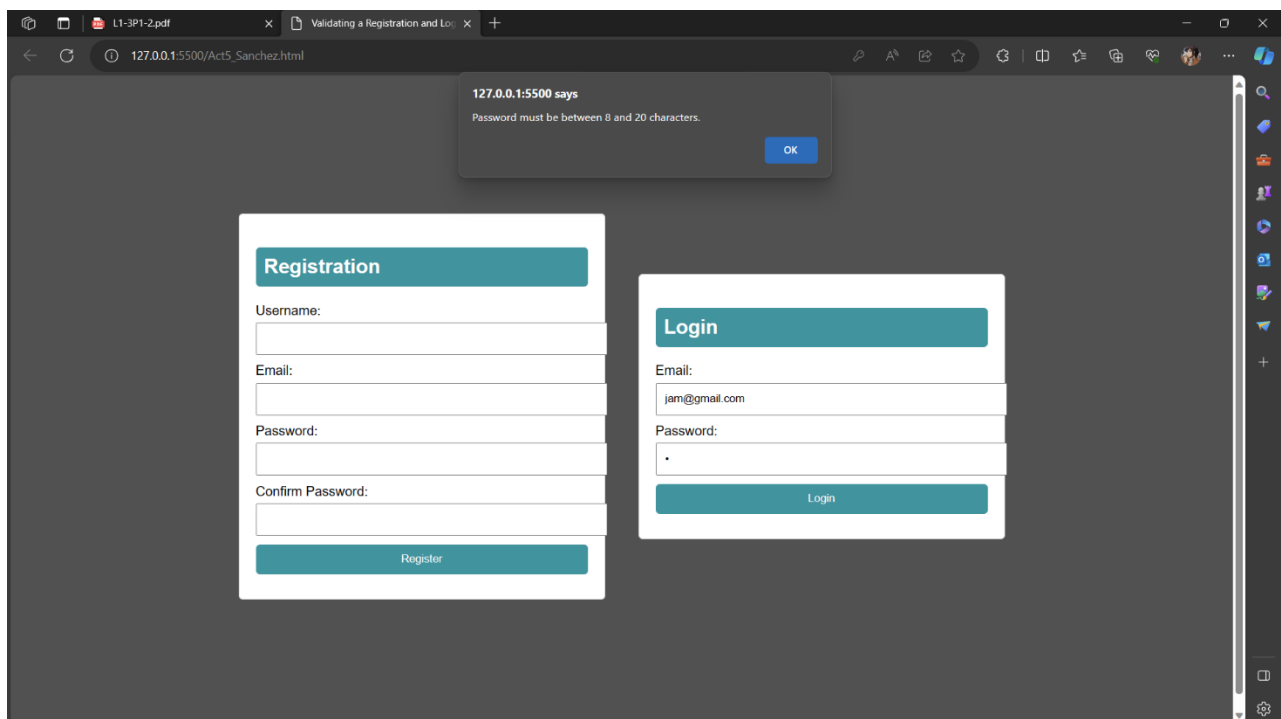

This screenshot shows the same web application after a successful registration. The modal dialog box now displays the message '127.0.0.1:5500 says Form submitted successfully!' with an 'OK' button. The 'Registration' form fields remain the same as in the previous screenshot. The 'Login' form is also visible and unchanged.

2. Login validation rules:

a. email: a valid email address

b. password: between 8 and 20 characters and must be equal to the user's password.

3. Login Submission Rules: After successful validation, alert "Welcome" [user's name].
